

Delegating Approvals in Cardinal Financials Overview

This Job Aid provides step-by-step instructions for delegation of approvals to another person (Delegate). In Cardinal Financials, approvals can only be delegated for the following:

- Vouchers
- Expense Transactions (Travel Authorizations, Cash Advances, and Expense Reports)
- Journals
- Purchase Orders
- Requisitions

The Delegator can only delegate approval authority to a user (Delegate):

- Within the same Business Unit
- With the same approval roles (e.g., Vouchers, Expenses, Journals, etc.) for the transactions being delegated

This allows the Delegate to approve or deny designated transactions on behalf of the Delegator.

Delegation requests that are not approved, accepted, or denied within 7 days of the request will be automatically revoked.

Email Notifications are sent for the following:

- The Delegate will receive an email indicating a delegation request has been sent
- The Delegator will receive an email when a delegation request has been accepted or rejected
- The Delegate will receive an email when a delegation request is revoked by the Delegator

This Job Aid includes instructions for the following:

- Creating a delegation request
- Revoking a delegation request
- Accepting or rejecting a delegation request as the Delegate
- Viewing the status of delegation requests

Navigation Note: Please note that there may be a **Notify** button at the bottom of various pages utilized while completing the process within this Job Aid. This “Notify” functionality is not currently turned on to send email notifications to specific users within Cardinal.

Creating a Delegation Request

This section of the Job Aid will provide step-by-step instructions for entering a delegation request. This is used when a Delegator wants to delegate approvals to a Delegate.

Note: The Delegations tile is only visible to users with the applicable user roles.

Step	Action
1.	Click the Delegations tile on the Cardinal Financials Homepage. 
The Delegations page displays three tiles. 	
	• Create Delegation Request – used by the Delegator to create a delegation request that is sent to a designated Delegate(s) • My Delegates – used by the Delegator to review all delegation transactions (“Active”, “Accepted”, “Rejected”, “Revoked”, “Submitted”, and “Ended”) • My Delegated Authorities – used by the Delegate to view transactions delegated to them by a Delegator For this scenario a delegation request will be created.
2.	Click the Create Delegation Request tile. 

Step	Action
The Delegation Request page displays. 	
	The Delegation Request page displays four steps as outlined in the Header of the page. 1. Delegation Dates 2. Delegates 3. Transactions 4. Review and Submit Each step number highlights as the Delegator moves through the process.
3.	Enter or update the Start Date field as applicable. This is the date the delegation will begin. 
	If immediate approval of a transaction is needed, enter or select today's date. Once the Delegate accepts the delegation, they will be able to approve any pending transactions. When a future "Start Date" is entered, approval will begin routing to the Delegate starting on the selected date, after the delegation has been accepted. If the "Start Date" entered/selected is more than 30 days in the future or past, a Warning message displays. If the date is accurate, click the OK button and proceed. 
4.	Enter or select the applicable date in the End Date field. This is the date the delegation will end. 

Step	Action
	Enter an “End Date” to ensure the delegation ends automatically. If the End Date field is left blank, once the Delegate approves the request, the delegation will stay active until it is manually revoked. If the Delegate does not accept or reject the request within 7 days from the date the request was submitted, Cardinal will automatically revoke the request.
5.	Enter an applicable comment in the Comment field. *Comment
	The comment should be related to the reason why the transactions are being delegated (e.g., attending a conference, on vacation, etc.). Please do not include any personal or confidential information.
6.	Click the Next button at the top right of the page. Next >
The Delegates page (Step 2) displays. Delegation Request 1 Delegation Dates 2 Delegates 3 Transactions 4 Review and Submit < Previous Next > Step 2 of 4: Delegates Add Delegate 1 row Name ? Email ID ? Phone ?	
7.	Click the Add Delegate button. Add Delegate

Step	Action
	The Add Delegate page displays in a pop-up window. 
8.	Enter or use the User ID Look up icon to select the User ID for the applicable Delegate. 
9.	Click the Done button. 
	The page refreshes and the selected Delegate displays. 
	The selected Delegate information displays in the Name and Email ID fields.
10.	Verify the correct Delegate displays.
11.	Click the Next button.

Delegating Approvals in Cardinal Financials

Step	Action
------	--------

The **Transactions** (Step 3) page displays.

The Delegator can select specific transactions to delegate to a specific Delegate or select all transactions.

If the Delegator wants different Delegates to handle different transactions, the Delegator will need to select the specific transactions for the first Delegate and complete the delegation and then create another delegation request for the additional Delegate for applicable transactions. Only one delegation request for one Delegate can be created at one time.

For this scenario all transactions will be delegated to the same Delegate.

12.

Click the **Select All** button.

All transaction checkboxes are selected.

Step	Action
	The transactions listed in the Description section are only for approvals, not for initiations. Clicking "All" or clicking "Approve" shows the exact same list. There is no need to navigate to the Approve or Initiate tabs.
13.	Click the Next button. 
The Review and Submit (Step 4) page displays. 	
14.	Review the information to verify it is accurate.
	If changes need to be made, use the Previous button to go back to the page(s) that require updating. If all the information is accurate, proceed to the next step.
15.	Click the Submit button. 

Step	Action
	The request is submitted and the Delegations page redisplay. 
	The selected Delegate will receive an email notification indicating a delegation request has been submitted. If a delegation request is not accepted or rejected within 7 days of the request, Cardinal will automatically revoke the request. To see the status of delegated requests, see the Viewing the Status of Delegation Requests section of this Job Aid for more details.

Revoking a Delegation Request

When the Delegator revokes a delegation request, it cancels the request. If a Delegate does not accept or reject a delegation request within 7 days of the date it was requested, Cardinal automatically revokes the request.

Revoking can be done even if the Delegate has accepted the delegation request.

When multiple transactions have been delegated to a Delegate, the Delegator can revoke all transactions or specific transactions.

When a delegation request is revoked by the Delegator, the Delegate receives an email notification indicating the delegation was revoked.

In this section of the Job Aid, the following steps are used by a Delegator to revoke (take back) delegation requests.

Step	Action
1.	Click the Delegations tile on the Cardinal Financials Homepage. 
The Delegations page displays three tiles. 	
	• Create Delegation Request – used by the Delegator to create a delegation request that is sent to a designated Delegate(s) • My Delegates – used by the Delegator to review all delegation transactions (“Active”, “Accepted”, “Rejected”, “Revoked”, “Submitted”, and “Ended”) • My Delegated Authorities – used by the Delegate to view transactions delegated to them by a Delegator For this scenario a delegation request will be revoked.

Step	Action
2.	Click the My Delegates tile. 

The **My Delegates** page displays.

	Six tabs display on this page as follows: • Active • Accepted • Rejected • Revoked • Submitted • Ended For this scenario, a submitted request that has not been accepted will be revoked.
---	--

3.	Click the Submitted tab. 
----	--

The **Submitted** page displays with submitted delegation requests listed by default.

Step	Action
	This page will only display transactions that have not been accepted or rejected by the Delegate. For this scenario, the Transaction field displays a View Details button with a count of “5”, which indicates the number or transactions submitted to that specific Delegate. The Delegator can revoke all transactions or can select specific transactions to revoke.
4.	Click the View Details button to see a list of transactions included in the delegation request. 

The **Detail** page displays in a pop-up window.

Step	Action
	For this scenario, the Delegator will revoke all transactions for one of the delegates and will revoke two transactions for the other delegate. To revoke all transactions, proceed to the next Step. To revoke specific transactions, proceed to Step 9.
6.	Click the checkbox next to the Delegate that will have all transactions revoked. 
	The Revoke button is enabled.
7.	Click the Revoke button. 
A confirmation messages displays in a pop-up window. 	
8.	Click the Yes button. 
A confirmation message displays at the top of the page. 	

Step	Action
	The page refreshes and any remaining delegations display. 
	When a delegation is revoked, it cannot be updated or changed. A new request must be created if the Delegator wants transactions to be delegated. The Delegate will receive an email when a delegation request is revoked. The next steps will go through the Steps for revoking delegation requests for specific transactions.
	 For this scenario, the Delegator wants to revoke three (3) of the five (5) transactions and delegate the revoked transactions to another Delegate. A message at the top of the Submitted page indicates that All Submitted transaction(s) are Grouped. This means all the delegated transactions are combined within a request and grouped into one line.
9.	Click the Group Transactions toggle to view the individual transactions. 

Step	Action
	The page refreshes and each transaction is now displayed on an individual line. 
10.	Click the checkbox in front of the specific transactions to be revoked. 
	The Revoke button is enabled.
11.	Click the Revoke button. 
	A message displays confirming you want to revoke the selected transactions (in this scenario 3). 

Step	Action
12.	Click the Yes button to confirm. 
	A confirmation message displays at the top of the page. 
	The page refreshes and the selected revoked transactions are removed. 
	When a delegation is revoked, it cannot be updated or changed. A new request must be created if the Delegator wants transactions to be delegated. The Delegate receives an email notification indicating the delegation request was revoked. Sample Email From: [redacted] Sent: Tuesday, June 30, 2026 5:38 PM To: [redacted] Subject: A delegation request assigned to [redacted] has been revoked.
